

FOR IMMEDIATE RELEASE

Introducing Life is a Trip! Reincarnation and Afterlife stories: A Captivating New Podcast about Metaphysical Mysteries

September 10, 2024 — [Atlanta, Georgia] — Brownell Landrum, acclaimed author of *The End: A Love Letter to the Universe*, the *We Meet Again* trilogy and other metaphysical books and screenplays, presents the Life is a Trip! Reincarnation and Afterlife Stories podcast showcasing writers from all over the world to share their stories (fictional or factual) about reincarnation, the afterlife, and other metaphysical mysteries.

“We are thrilled to launch ‘Life is a Trip,’ a podcast that promises to captivate and inspire audiences with its exploration of reincarnation,” said Landrum, the show’s Creator and executive producer. “Our goal is to provide a space where listeners can hear personal accounts of past lives, examine the potential connections between our present selves and past experiences, and reflect on the broader implications of these stories.”

The show is now on IMDb, the Internet Movie Database, allowing writers and performers to get credit on the coveted entertainment industry platform.

“Life is a Trip” stands out with its distinctive blend of storytelling with short stories and/or short film scripts read by actors and/or the writers themselves. The podcast aims to reach a diverse audience, from skeptics to believers and everyone in between, fostering an open-minded dialogue about the nature of existence and the possibilities beyond our current lifetimes.

“Life is a Trip” is now available on all major podcast platforms, including Apple Podcasts, Spotify, YouTube, and more. New episodes are released every other week, providing listeners with an ongoing stream of thought-provoking content and captivating tales.

About Brownell Landrum: Brownell Landrum is an acclaimed author and the host of the popular “Life is a Trip!” podcast showcasing writers from all over the world sharing their stories (fictional or factual) about reincarnation, the afterlife, and other metaphysical mysteries.
