Acclaim for We Meet Again:

“Ever since I read We Meet Again. I've looked at paintings differently. Whatever I see, I find myself seeking that 'special symbol' in the painting, it's like carrying couples (Dante and Marielle, Roque and Dulce) with me. I know it's fiction but is it really? Why does it feel soooo real?”

“I LOVED IT! Great story! Sometimes it can be easy to identify the plot in some books (or movies), but not with this one!”
