 Storyteller  Speaker  Inventor  Innovator  Change Catalyst

## Topics and Expertise

-  The Art & Science of Wishing
-  Apply science to organizational alignment and achievement
-  An ancient tradition... a modern solution

 **Activate**  **Elevate**  **Accelerate**

Brownell Landrum is a  storyteller,  speaker,  inventor, and  change catalyst with a passion for peaceful, positive, and purposeful progress.

In addition to being the founder of the Cosmic Wish Experiment, Brownell is the author of over a dozen books and screenplays including *The Art and Science of Wishing* and *The Hero's Playbook*. By combining the logic of her MBA with her keen metaphysical curiosity and her passion for making complex ideas fun, engaging, and interactive, Brownell's talks and programs activate, elevate, and accelerate peaceful, positive, and purposeful change in your organization - and the world.

Brownell is a seasoned keynote speaker with over 100 speeches, keynotes, and trainings, including the Innovation Immersion Conference and Failure Lab.

### An Ancient Tradition... A Modern Solution

Did you know that every time you make a wish, you engage over a dozen different scientific disciplines? Everything from anthropology to sociology, psychology, and neuroscience? Even quantum physics! Did you also know that collective wishing rituals have been drivers of survival and progress since the dawn of humanity? Imagine both - together.

The Cosmic Wish Experiment is a global grassroots effort to elevate collective energy by using a simple, fun process based on the solid science in Brownell's new book, *The Art & Science of Wishing*. Corporate Execs are now invited to bring this "cosmic" strategy into their companies through a private program led directly by Brownell.
